

Small Horizontal Air Receivers (3ft³)

Airpac Bukom's range of small footprint horizontal air receivers are capable of storing 3ft³ (85 litres) of compressed air.

The air receivers can be used to supply air tools for general maintenance. Each unit provides up to six outlet connections which can be utilised to supply air for multiple applications simultaneously.

The units are mounted in a protective frame for ease of transportation and protection on site.

All Airpac Bukom air receivers are equipped with calibrated safety valves and gauges.

Alternative inlet and outlet connections can be fitted to suit your application. Please contact your local Airpac Bukom representative to discuss the options.

Options

- Pressure reducing valves
- Experienced personnel providing a complete operational package including: hook-up & commissioning, servicing, re-fuelling and multiple installation assistance
