

Electric Air Compressors

Airpac Rentals
Energy Industry Solutions

240v Electric Air Compressor

Airpac Rentals operate one of the largest fleets of Air Compressors in the oil and gas industry.

The 240v Electric Air Compressor offers a volume of 16 cfm with a pressure rating of up to 10 bar (145 psi). The units are ideal for use in conjunction with our range of pneumatic start air compressors.

The unit can be supplied with a variety of plug types, for use both onshore and offshore.

Features

- Ideal for use in conjunction with pneumatic start compressors
- Light weight
- Portable
- Ideal for smaller applications
- Oil lubricated
- Mounted in a protective frame
- 16 cfm air displacement
- 2.2KW 3HP motor
- 200 litre static tank
- Multi finned flywheel for improved cooling
